

Ecomarines Foundation

SECONDARY SCHOOL PROGRAM

ABOUT US

EcoMarines Foundation is a not-for-profit organisation based in Queensland. We are on a mission to create a community of environmental leaders to protect waterways, marine and terrestrial wildlife and the ecosystems that support them. Our free environmental education programs and events enable students and teachers to network with other schools, and connect with local businesses and industry experts.

BENEFITS & OUTCOMES

- Student leadership and confidence building.
- Sustainability outcomes and environmental action.
- Connecting with and learning from businesses, industry experts and Traditional Custodians.
- Networking and knowledge sharing with other schools and students.
- Acting globally, thinking locally.
- Peer-to-peer education
- Media opportunities.

SECONDARY SCHOOL PROGRAM

Each school has an EcoMarines Teacher(s) who appoint students as EcoMarines Ambassadors. Inspired by our online resources and training events, the ambassadors lead environmental activities within the school to identify and tackle challenges impacting their local community.
